

Psychiatric Primary Care Provider Consultation Pilot Program

Register as a
practice or
provider and get
connected with
free psychiatric
consultation
services today!

Register at:

www.confermed.formstack.com/forms/woodfords

This program has been made possible by the generous support of the Maine Health Access Foundation and Davis Family Foundation.

Woodfords' Psychiatric PCP Consultation Pilot Program connects Maine primary care practices and their physicians with access to free on-demand psychiatric consultation that aims to inform the care of their adult patients with autism and related developmental disabilities. The program utilizes a HIPAA compliant cloud-based consultation platform that is free to participating providers.

This is a FREE two-year pilot program available to ALL Maine-based primary care providers serving adults with autism and developmental disabilities.

Dr. Abby Keenan is accepting consultation requests now! To learn more about how to register for this program, visit: www.woodfords.org/psychiatric-PCP-consult
